

HAS University of Applied Sciences

The specialist university in Agribusiness, Food and Living Environment

“Were you trained to do what you do today?”

WHY

Because we believe that by continuously stimulating and **developing talents**, we can truly contribute to a stronger agrifood sector and living environment.

HOW

By **creating bridges** between the HAS, companies and society with a **confident, entrepreneurial approach**, focused on the development of the **individual** - student and employee.

WHAT

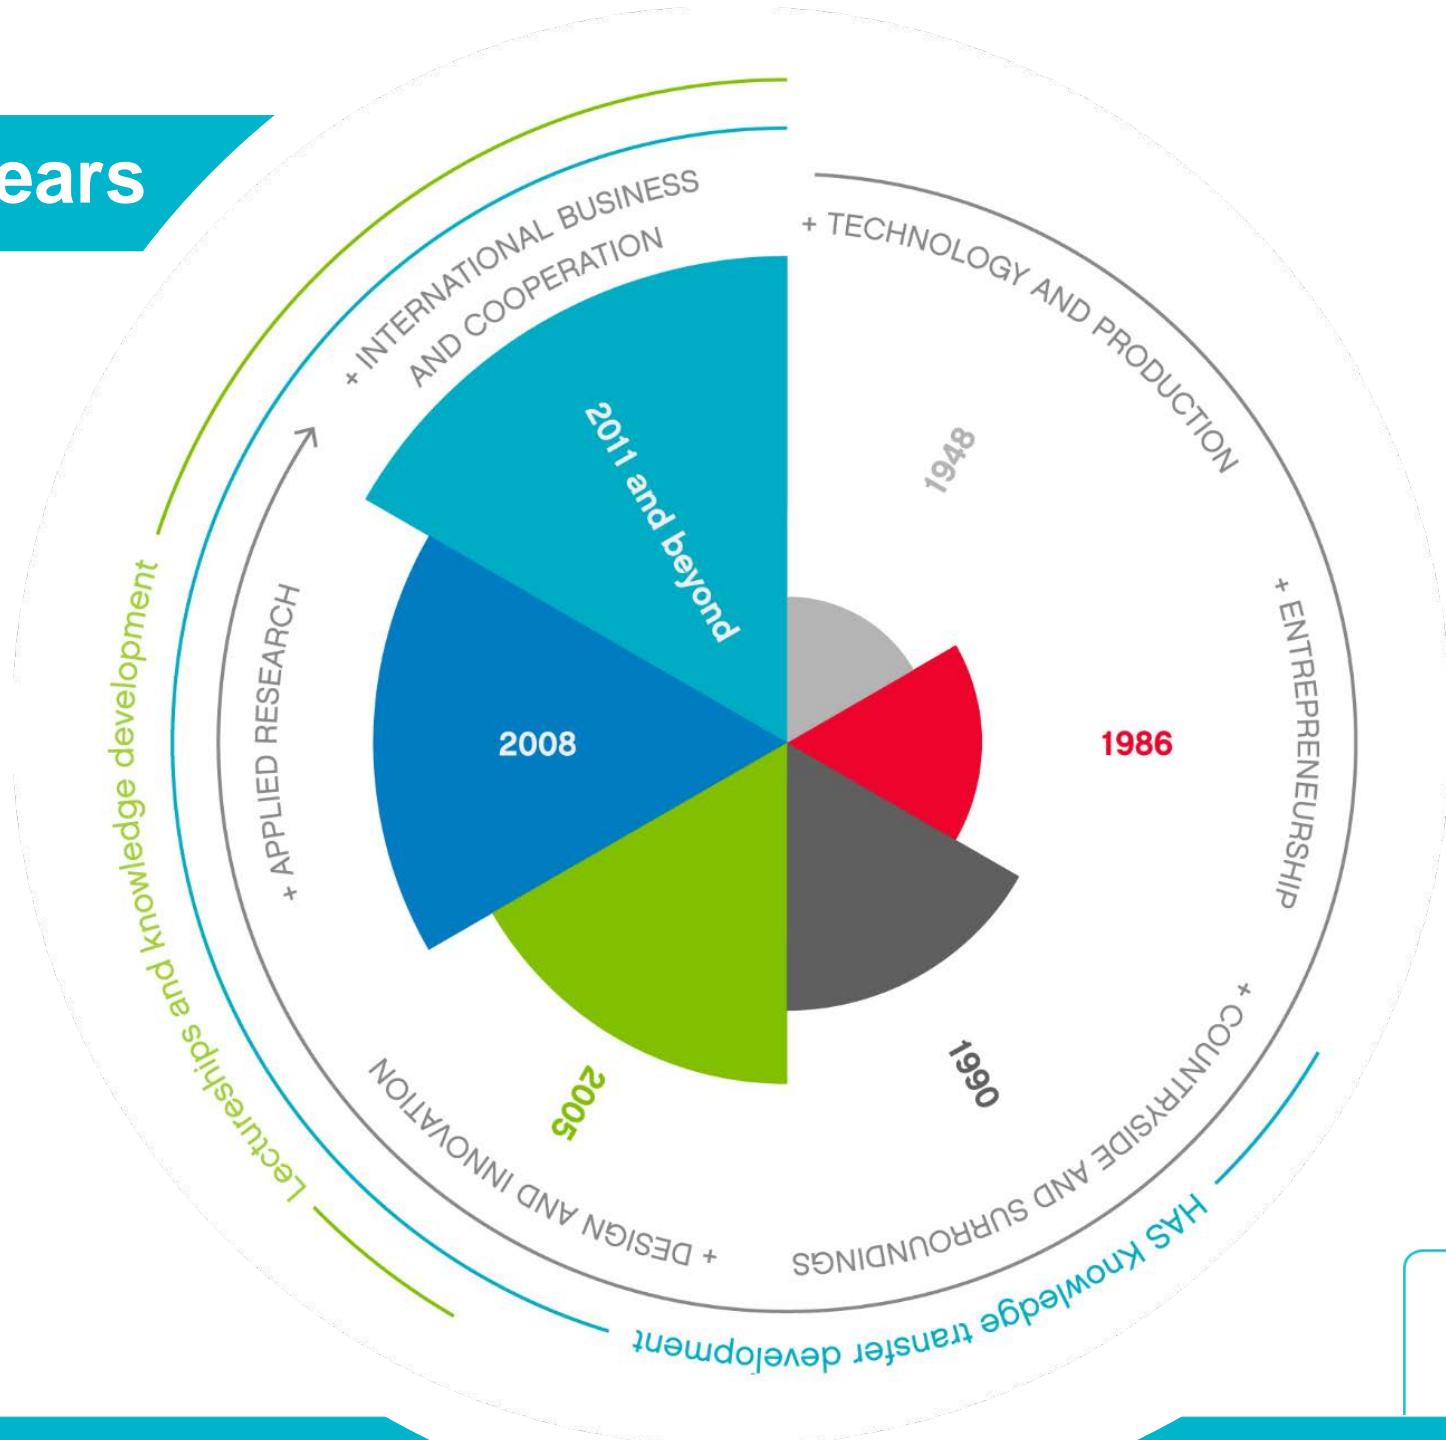

Bachelor degrees, company training programmes and courses, research and consultancy in the **agribusiness, food and living environment** sector.

CONFIDENT

INVOLVED
